

*UDO Virtual Conversation 4 – Subdivision, Network and Access, and Other Infrastructure
December 14, 2021 – 12:00 p.m.*

Question as Submitted in Zoom Chat	Staff Answer
Is the 18-month right of way reservation a current process or new to UDO?	The 18 month reservation requirement is new to the UDO the current Subdivision Ordinance requires the reservation, but there is no time limit.
Do you believe that the 18-month requirement will make the process more efficient?	The 18 month reservation has been added to provide more predictability to the development process.
The feedback for those last items have their own feedback page, correct? Not the same as the UDO feedback?	Yes. That is correct.
Cross-Access will be required of adjacent parcels with separate property owners?	Answered verbally at [38:52]
Do the Chat questions show up in the recording later?	Answered verbally at [41:10]
Could the link for the supporting docs (streets maps, driveway, etc) feedback be added to UDO comment page for the SSI section.	Answered verbally at [42:26]
Where does your team see additional efficiencies and cost savings in this new process? Both for customers and City?	Answered verbally at [45:05]
